Please note, there may be additional camps/training and events dates added to this list when they are confirmed. There will also be several, additional training sessions for our National Squad Athletes for both River & Beach Sprints, outside of the development camps listed above.

The dates are there for guidance and to allow you to make plans in advance. Specific event details, locations & registration for each event will be sent individually closer to the event date. Dates may change if necessary or weather conditions require a postponement.

Beach Sprint HIR dates are currently TBC depending on the date of the regatta itself, which is yet to be confirmed.

Athletes should speak with their coaches as soon as possible to make them aware of the dates.

Data gathered from development camps may be used to help select our HIR Teams.
